Ken Ringe Elected Vice Chair of National Builders Council

Ringe also elected a Life Director of the National Association of Home Builders (NAHB)

STUART, FL – (February 2, 2011) Ken Ringe, of Bayview Construction, was appointed Vice Chairman of the National Association of Home Builders (NAHB) National Commercial Builders Council (NCBC) in January at the NAHB International Builders’ Show in Orlando, Florida.

Ringe, president and owner of Bayview Construction in Stuart, Fla., is an NAHB Life Director. He has been an active NCBC participant for more than 5 years and is a past president of the Treasure Coast Builders Association.

A longtime NAHB volunteer leader, Ringe has more than 25 years of building industry knowledge and brings extensive national, state and local experience to the table.

“I’m honored to be chosen to help lead the National Commercial Builders Council,” Ringe said. “My NCBC colleagues provide an invaluable brain-trust offering sound advice, encouragement and information when you need it the most. I look forward to broadening our network and exchanging ideas with experienced colleagues from around the country.”

As vice chair, Ringe will support chair Gene Graf of Bozeman, Mont., in managing the council’s business and representing the interests of council members throughout NAHB. He will also use this year as preparation for when he will serve as the council chair in 2012.

In addition to his industry involvement, Ringe is also active in the South Florida civic community. He serves on the boards of Big Sisters Big Brothers of Palm Beach & Martin Counties and the Martin County Chapter of the American Red Cross.

For more information on Bayview Construction and its capabilities, visit www.bayviewconstruction.com.

ABOUT NCBC: The National Commercial Builders Council addresses regulatory and legislative issues and provides educational and information services to NAHB members who are light commercial builders and remodelers. For more information on commercial building trends, techniques and issues, and best business practices, visit www.nahb.org/commercialmagazine.

ABOUT NAHB: The National Association of Home Builders is a Washington-based trade association representing more than 160,000 members involved in home building, remodeling, multifamily construction, property management, subcontracting, design, housing finance, building product manufacturing and other aspects of residential and light commercial construction. NAHB is affiliated with 800 state and local home builders associations around the country. NAHB’s builder members will construct about 80 percent of the new housing units projected for this year.
