**Jim Hill**

Bayview Construction  
4826 S.E. Railway Avenue  
Stuart, FL 34997

Dear Jim,

Now that the Marriott Courtyard in Stuart is completed, I wanted to complement Bayview Construction for the excellent job on the project. Your construction team was always focused on providing the best product possible. As with any project, there are unforeseen challenges. From an Architect's perspective, it is always a pleasure to work with a Contractor who understands these challenges and goes the extra mile to solve them.

Thank you for your teamwork in delivering a project that we, you, and the Owner can be proud of. Please let me know if SMB Architecture can be of service to you in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read "Randy P. Maxwell", is written over a light blue circular stamp.

Randy P. Maxwell
